SECTORS

Residential / Office /
Industrial

Eloy Immo is the real estate entity of the family owned Eloy Group. The group which has been operating in the building (regional) and water treatment (international) sectors for over 50 years reached a turnover of 90M€ in 2019.

It is based in Sprimont near Liege. The company develops and manages various types of projects (residential as well as business and industrial) from A to Z in the greater Liege area. Being a key regional actor in the actual building industry provides Eloy a competitive advantage as the company also executes the building works, from groundwork to building structures.

SECTORS

Housing / Office / Retail

e-maprod has designed and built real estate projects in Belgium and other countries for 20 years. We control each step of the process and build as if for our own personal use to create the ideal living environment for our investors and renters. We focus on neighbourhoods that reflect our values to develop a more human, friendly, agreeable and safer city. We have expertise in every area of the real estate developer profession, including its legal, urban planning, architectural, technical and commercial aspects.

SECTORS

Residential / Office /
Retail

Equilis, set up in 2006 by Carl Mestdagh, deals with all aspects and stages of real estate development. It has diversified and broadened its portfolio to cover the entire European market. Equilis now has offices in Belgium, France, Spain, the Netherlands, Poland and Germany. The company develops and supports ambitious projects in a wide variety of areas, ranging from retail and residential to office, including the renovation of old industrial sites, residences for the elderly or for students, leisure spaces, car parks, cultural and public spaces, and many others. In 15 years, Equilis has carried out around fifty projects, covering 400,000 m².

SECTOR

Residential

Ertzberg is best known as the project developer of the ambitious Tweewaters urban district on the Vaartkom in Leuven and the prop-tech company Bringme. Our company is a cocktail of cooperative entrepreneurship, pursuit of returns, and a passion for architecture, innovation and technology. As a prop(-tech) investor, Ertzberg consciously focuses on projects with great social relevance, thereby contributing to the transition towards a sustainable society.
